Results of the USTFF National Masters Championships in Chicago

IN THE WAKE OF THE MEET

A rather sad story emerged from the meet concerning ages and divisions. For the benefit of everyone involved, best we move forward without further comment.

In the 100 METERS, Jimmy Weaver was strong and quick, Bob Watanabe surprised Jack Greenwood, and Dick Martin and Ozzie Dawkins tied into a good one. Gerald Fitzgerald's 10.5 in the submasters was spectacular. The 200 METERS was a turnaround for Dawkins and Greenwood. Hillary Sumner came back blazing in 21.9. 400 METERS featured a great race by Greenwood as well as Reynah Adams and Billy Gaedke. In the submasters, Sumner was devastating at 48.7. The 800 METERS saw tremendous efforts by Reynah Adams, Ocie Trimble, Dean Smith and Richmond Morcom as well as Harold Chapson. 1500 METERS featured a dog fight for Ole Olesen and fine runs by Glynn Wood, George Vernosky, Dean Smith and Harold Chapson again. 5000 METERS had strong front running by Bill Orlich and George Vernosky. Jim O'Neil was beautiful after a full 20K earlier that day. 10,000 METERS brought about one of our best races between Hal Higdon and Bill Orlich. Different divisions but dead even. Jim O'Neil sparkled and Wayne Vaugh amazed everyone in the submasters with 31:19.

The STEEPLE CHASE produced a fine effort by Roland Anspach and Bob Hosl. HIGH HURDLES featured Phil Mulkey, Jack Greenwood and Richmond Morcom with tremendous efforts. 400 INTERMEDIATES produced a 59.9 from Austin Allen and an excellent 59.5 from Jack Greenwood. Larry Larson and Sal Corrallo dominated the 5K WALK.

Jerry Donley was way up at 13' in the POLE VAULT, Phil Mulkey at 12' and the amazing Richmond Morcom at 11'. Bob Humphreys was way out in the DISCUS with Jack Thatcher in a good effort. Humphreys again in the SHOT PUT with fine throws by Len Olson, Bill Walkroth and Jack Thatcher. Ed Zalis edged Phil Conley amidst some controversy in the JAVELIN and Gordon Bobell Dominated the HAMMER with good efforts by Irving Black.

LONG JUMP belonged to Tom Chilton with an amazing effort by Richmond Morcom. TRIPLE JUMP found Phil Conley in good form along with Phil Mulkey and Richmond Morcom; Bud Beacom was terrific. HIGH JUMP went to Langenfeld with good jumping by Kermit Hollingsworth and Richmond Morcom.

The ladies, among other things, certainly made things look better. Irene Obera was ailing but still too good for everyone else. Almeta Parish and Mimi Gerard were solid in the sprints and Mary Czarapata was all alone with a 5:02 in the 1500 METERS and 20:01 in the 5000 METERS. Lori Maynard and Roberta Widmann staged one of the best races of the meet in the 5K WALK.

From all of us in Chicago, a sincere thank you for joining us. You really made it happen, along with the likes of Ron Fox, Len Alfonow, St Jayne, Russ Pool, Bob Schrader and Al Sheahen. A personal word of thanks for all the patience, kindness and understanding that my family received (two dogs at the registration desk!). We were deeply touched. What can we say to North Central College for their part in all this? You are beautiful. Hope to see many of you in Sweden.

Guthrie tips buddy, wins Masters

A report on the National Masters 25-Kilometer Championship at Medford, Oregon, Sept. 24, from the Medford Mail Tribune

By DICK JEWETT
Mail Tribune Sports Editor

Kent Gutherie and Ralph Bowles are running buddies.

They live in the same town. They train together and they run for the same club, the West Valley Joggers and Striders.

Bowles was the 1976 Pacific AAU points champion. Gutherie is assured the crown for this year.

Twelve days ago in the Pacific AAU 25 kilometer title race the two intentionally tied, said Gutherie, "so we wouldn't kill ourselves."

On the country roads west of Central Point on Saturday, however, it was a different story. There was a national crown at stake.

Each on his own went all out. And today Gutherie holds the National AAU Masters 25 Kilometer Running Championship.

Bowles, seconds behind, was the runnerup.

Masters running is for competitors 40 years of age and over. Gutherie, Pleasant Hill, Calif., 40 and therefore in his first year as a master toured the 15-mile, 940-yard road course out from Scenic Junior High and back to Crater High School in 1 hour 26 minutes 17 seconds.

Bowles, 41, turned in a time of 1:26.50.

The two outran Earl Ellis, 41, Seattle, and Geoff Pietsch, 40, Miami, Fla., who were third and fourth, repsectively, in 1:27.05 and 1:27.19.

Herb Parsons, 40, Anacortes, Wash., took fifth in 1:29.10.

Bowles and Ellis set the early pace and Gutherie let them do it.

"Ralph and Ellis dueled up front for the lead," illumined Gutherie, "and I thought they were getting tired. So I just hung back and stayed loose.

"I decided to pass them before the uphill stretch (starting up Ross Lane at about the nine-mile mark) so I knew they'd have a hard time catching me.

"At the corner of Taylor Road I lit out to a big lead, about 200-yards at least, so they could see me and start thinking about second place."

"I did about as expected," said the Moraga Elementary School teacher. "I drove the course before the race and I figured it could be run in around 1:25."

Bowles also described his race as about what he anticipated. The business machines serviceman for Mt. Diablo School District, Concord, Calif. describe the weather, cool, partly cloudy, as perfect.

For Pietsch, who came the longest distance to be among the 68 runners (66 finished), it was a debut.

A teacher of American history in a private high school at Miami, he turned 40 just last Sunday.

"This is the first masters race I was eligible for," he said. "I knew the weather would be good. It's much too humid in Florida. I like the Pacific Northwest. It would have been nice if it had rained today. A little rain doesn't hurt once you get warmed up.

"I can't imagine guys over 40 running so fast," observed Pietsch. I averaged 5.35 per mile and that was not good enough."

"I fell in love with a girl half my age," he remarked. "I guess this is my way of proving age doesn't matter.

Dr. Ross Smith, 49, University of Nevada-Reno, professor, was the winner in 1:30.21 in the 45-49 age group. Walt Betschart, 50, Sacramento, went the route in 1:38.48 to take the 50-54 class.

Franz Pauwels, Portland, 59, won in the 55-59 group at 1:43.23 and Clive Davies, 62, Portland, in the 60-64 class at 1:34.38.

Ruth Anderson, 48, Oakland, Calif., a nuclear chemist for the University of California Lawrence Radiological laboratory at Livermore had the fast time among four women entered. It was 1:44.12.

Martha Maricle, 44, San Francisco, was first for 40-45 with 1:57.12.

"This is a gorgeous area to run in," commented Ms. Anderson, who is national chairman of the AAU masters women's division.

"This is the best 25 kilometer time I've put in," noted the chemist. "I've run five."

But she came up to the area Friday in a small plane through turbulence and wondered at the time if she'd have the stomach to compete.

"I've been running just five years, since I was 43, said the enthusiastic Ms. Anderson. "I figure if I can do it,"
